

AMERICAN CONNECTION CORPS 2023-2024 AMERICORPS MEMBERS SERVING WITH UNIVERSITY OF IDAHO EXTENSION DIGITAL ECONOMY PROGRAM

Serving Idaho's communities to help address the digital divide through the AmeriCorps program.

The Digital Economy Program (DEP) is a 2023-24 host site for the [American Connection Corps](#) (ACC) program, a grant recipient of [AmeriCorps](#), the federal agency for national service and volunteerism. ACC AmeriCorps Members serve as a Digital Literacy Coordinator in an assigned service area. In today's world, broadband Internet access and digital skills are an important foundation for economic prosperity in every community. Bridging the digital divide, the gap between those who have ready access to computers and the Internet and those who do not, is a core campaign of the American Connection Corps.

Contact our current AmeriCorps Members to learn more about local activities to increase broadband internet access and adoption in the communities they serve.
